

# SURABODEE PHASUK

## Computer Science Student

### About Me

I am 21 years old currently studying Computer Science at Thammasat University. I am confident that my abilities and programming skills will allow me to quickly integrate and contribute effectively to the company. I am also eager to continuously learn and apply new knowledge to support the team's growth and future success.

### Objective

I want to make the most of this opportunity to apply the knowledge I have gained and further develop my skills by learning from experienced professionals in a real work environment.

### Competitions

Lost & Found System for Thammasat University (Under Development): Designing and presenting a central digital platform to the university's administration. Currently in the system testing phase after receiving official interest.
